
Engineering and Technology Journal
Vol.31, No.9, 2013

English Researches

No.	Research Title and Name of Researcher	Page
1	Radioactive Doses Contamination in Al Tuwaitha Nuclear Site, Using GIS Techniques <hr/> Dr. Abdol Razak T. Zaboon, Dr.Abdul Hameed M. Jawad Al & Hisham M. J. Al Sharaa	1612
2	Effect of Sodium Silicate Addition on Flame Retardancy of the Oil Paint Produced by Modern Paint Company <hr/> Habaib A. Majeed	1618
3	Finite Element Analysis of the Boom of Crane Loaded Statically <hr/> Bakr Noori Khudhur	1626
4	Step over Estimation for Tool Path Generation Depending on Inclination Angle <hr/> Dr. Ahmed A.A.Duroobi	1640
5	Study of the Cure Reaction of Epoxy Resin Diglycidyl Ether of Bisphenol-A (DGEBA) with Meta- Phenylene Diamine <hr/> Dr. Najat J. Salah & Bashar J. Kadhim	1658
6	Performance Improvement of Multi-User MC-CDMA system Using Discrete Hartly Transform Mapper <hr/> Ali T. Shaheen	1674

7	A Simple Model of Spark Gap Discharge Phase <hr/> Dr. Bassam Hanna Habib	1692
8	Study the Optimization Parameters for Spring Back Phenomena in U-Die Bending Dr.Karem M.Younis, Dr.Aseel Hamad &Khalida K.Mansor	1705
9	Seepage Analysis Through and Under Hydraulic Structures Applying Finite Volume Method <hr/> Dr. Karim K. El-Jumaily & Hisham M. Jaber AL-Bakry	1719
10	Nonlinear Finite Element Analysis of Reinforced Concrete Arched Beams with Normal and High Compressive Strength <hr/> Dr. Haider Kadhim Ammash	1732
11	Accuracy Assesment of Non-Metric Digital Camera Calibration in Close Range Photogrammetry <hr/> Dr. Abbas Z. Khalfa, Dr. Imzahim Abdul Kareem Alwan & Aysar Jameel	1753
12	The Study of Stress State in Indentation of a Flat Punch with Rounded Edge in Axisymmetric Backward Extrusion <hr/> Ban Bakir Alamer	1765
13	Log-Likelihood Ratio to Improve Hard DecisionViterbi Algorithm <hr/> Dr. Mahmood Farhan Mosleh & Dr. Fa'aza Abbas Abid	1779
14	Strength and Consolidation Characteristics of Compacted Clayey Soil Having a Special Case of Standard Compaction Curve <hr/> Moafaq A. Al-Atalla, Abdulrahman H. Al-Zubaydi & Ibrahim M. Al-Kiki	1791
15	Twist parameter Influence on Heat Transfer Coefficient Augmentation for a square Twisted Tube <hr/> Dr.Abdulkareem Abbas KhudhairAl-Musawi	1802
